The club for runners in  
the Crieff & Comrie  
area of Perthshire

## Comrie Hills Relay Leg 4

From the Leg 3/4 handover (NN749263), follow the incoming route along the river to join the Landrover track at CP8 (NN767253, but ignore this checkpoint), go south on the track to a gate on the right opposite cottages at 765246. Cross the field to the river and over the bridge. Cross the road and head straight up to col at 763238, turn left and along the track through trees to CP9 (NN766235) at the monument.

Return to the col and turn left down a path, through a gate and onto the hill road. Go west down the hill road, to reach CP10 (NN 750236) at a sharp turn left at a gate. Go south east along the track and cross the burn using a small bridge at CP11 (NN 757228) and climb back up through a field and then through trees to the Glen Lednock road at 764227. Turn left and along the road for 700m to CP12 (NN767232), then turn right down the path through woods to emerge onto the main road in Comrie. Turn left into School Street and follow the path straight on to Laggan Park and the finish.
